

# Public With This

Copyright Joel Phillips 2009

## Verse

You give us freedom  
Signed, sealed, delivered  
Now that Christ is risen  
All our sin forgiven

Our missing piece is  
Found in Jesus  
By the cross we're living  
By Your grace we're singing

## PreChorus

Why would we hide your light?

## Chorus

We're going public with this  
We're going public with this  
Just like a city on a hill  
We'll shine Your light, & we will...  
Show all that true love exists  
As we go public with this  
We know that Jesus lives  
We know that Jesus lives
